The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

SACRAMENTO DIRECTORY CO., Publishers

INTRODUCTION
AND
GENERAL INDEX

THE SACRAMENTO DIRECTORY CO., publishers of the Sacramento City Directory, present to subscribers and the general public, this, the 1953 edition, which also includes North Sacramento, West Sacramento and Broderick.

Confidence in the continued growth of Sacramento's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sacramento to the world.

The enviable position occupied by the Sacramento City Directory in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the Sacramento Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments
(Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Sacramento and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the second major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

III. THE BUYERS' GUIDE, the third major department printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Sacramento and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and governmental center like Sacramento, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

IV. THE CLASSIFIED BUSINESS DIRECTORY is the fourth major department printed on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

V. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Sacramento and vicinity.

The Sacramento Directory Library

Through the courtesy of the publishers of the Sacramento City Directory, a Directory Library is maintained at the Sacramento City Library, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

SACRAMENTO DIRECTORY CO.,
Publishers.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you

—you can quickly find the answer in the City Directory.

SACRAMENTO

CAPITAL CITY AND "HEART" OF CALIFORNIA

(Courtesy Chamber of Commerce)

Statistical Review

Slogan—"The Land the Lord Remembered."

Form of Government—City manager-council.

Population—155,000 (1953 estimate).

Area—21.6 square miles.

Altitude—30 feet above sea level.

Climate—Mean annual temperature, 60.4 degrees F.; average annual rainfall, 18.02 inches (50-year average).

Parks—35, with total of 1,540 acres.

Assessed Valuation—$234,763,220, with $1.99 per $100 tax rate.

Bonded Debt—$6,089,370 (Dec. 31, 1950).

California State Capitol Building

Financial Data—11 banks, including branches, with total debits of $6,771,628,000 in 1952.

Postal Receipts—$4,284,078 (calendar year 1952).

Churches—130, representing 41 denominations.

Building and Construction—Value, $12,969,046 (1952).

Industry—Chief manufacturing industries and products of city and surrounding territory are food-processing, fabricated metals, lumber and wood products, printing and publishing, and stone, clay and glass products. The industrial payroll of Sacramento County is $39,583,960 annually.

Trade Area—Sacramento County had a population of 277,140 in 1950. Sacramento's 19-county northern California trading area had a population of 682,953 at that time.

Newspapers—2 general dailies.

Hotels—124, with total of 7,985 rooms.

Railroads—4: Southern Pacific, Western Pacific, Sacramento Northern, Central California Traction.

Highways—U. S. 40, 50 and 99.

Airports—8: Municipal, McClellan Air Force Base, Mather Air Force Base and 5 private airports.

Amusements—Largest auditorium in city (municipal) seats 5,000 persons. 22 motion-picture theatres, with total seating capacity of 20,000. 6 drive-in theatres within a short distance. 3 golf courses.

Hospitals—7 (including 2 emergency), with total of 1,055 beds.

Education—29 public schools, including Sacramento Junior College, 2 senior high schools and 5 junior high schools. Total day enrollment, 21,987; number of teachers, 875. Sacramento also has a State college and 9 parochial schools.

Public Libraries—6, including branches, with total of 318,813 volumes.

City Statistics—Total street mileage, 325, all paved. Miles of gas mains, 425. Number of water services, 42,082; electric meters, 104,356, for area covered by smud city figures not available; gas meters, 50,686. Capacity of water works (municipal), 64,000,000 gallons; daily average pumpage, 34,540,000 gallons; miles of mains, 352.66; value of plant, $5,378,855. Fire department has 211 men, with 6 autos, 2 utility cars, a squad wagon, 4 water wagons, 4 trucks, 9 engines, a 4,000-gallon tank wagon, a disaster unit, 10 station houses and a central fire-alarm station. Value of fire department real estate and equipment, $614,882.46 (Dec. 31, 1950). Police department has 216 members and 32 civilian employees, with 1 station and 37 pieces of motor equipment, all radio-equipped.

General Review

Sacramento, the "Heart of California" and the capital city of the state, is located at the confluence of the Sacramento and American rivers, in the center of the greatest agricultural, mineral and timber-producing area of California. With a background of history closely entwined with some of the epochal events in the civilization and development of the Pacific Coast, Sacramento through its years of civic and commercial progress has maintained leadership among the cities of the West. It is now the largest interior city in California and one of the most rapidly growing cities in America.

Sacramento has graduated from the class of the ordinary capital city to a thrifty metropolis with an estimated population of 155,000 in 1953.

The westward movement of population has found Sacramento one of the beautiful cities of the Golden State, a comfortable and prosperous community in which to live.

The city is built on a level plain with an incorporated area of 21.6 square miles. The climate is semi-tropic, with an average mean annual temperature of 60.4 degrees, and an annual average rainfall of 18.02 inches.

Sacramento's most notable beauty is in its wide tree-lined streets and its 1,540 acres of municipal parks. No city in the West equals this in number of street trees, cared for and protected by the City government.

Sacramento is the home of the annual California State Fair, the largest and most successful exposition of its kind in the U. S. Attendance, 778,000 in 1952.

Notable among the historic points of interest are Sutter's Fort, now entirely restored to its original form, and maintained as a State museum, housing a priceless exhibit of relics of pioneer days; the Crocker Art Gallery, one of the most valuable art collections in the West; and the $13,500,000 group of Capitol buildings, surrounded by a 40-acre State park world-famed for its beauty and the more than 1,000 varieties of trees, shrubs and flowers gathered from every country on the globe.

Sacramento's school system is recognized as one of the best in the state, noted for its educational progress, with a $1,500,000 high school, another new $765,000 high school, and the $1,121,000 Junior College, typical of its outstanding excellence. A splendid stadium, costing $175,000 and seating 23,000 persons, was erected on the Junior College campus in 1928. Both City and County school facilities have kept pace with this area's rapid growth during recent years by constant enlargement and new construction of elementary and high schools.

Sacramento's Junior College ranks in point of attendance as the third largest junior colleges in California. The college, which has grown from an infant in 1926 with an initial enrollment of 45, is housed in a group of beautiful buildings on a 61-acre campus, representing an investment of bond money totaling $1,365,000.

Sacramento State College, now housed in its new campus along the banks of the American River, offers a broad curriculum which covers the junior and senior years of college. Graduate work qualifying for a M. A. degree is offered here.

The beauty of Sacramento's residential sections, modern public and business buildings, beautiful churches and splendid hospitals add to its attractiveness as a home city.

Sacramento's $1,000,000 Memorial Auditorium, splendid hotel and restaurant accommodations and metropolitan theatres have made it an outstanding convention center, exceeded in numbers of state and national convention gatherings only by Los Angeles and San Francisco.

Governmental and private industries combine to provide exceptional employment opportunities in Sacramento. As the State Capital, Sacramento offers employment to thousands in a number of State offices. Two Air Force installations—Mather and McClellan Air Force Bases—as well as the U. S. Army Signal Depot, are large industries in themselves, with thousands of civilian personnel on their payrolls.

In recent years the addition of several new canneries, a national soap-manufacturing plant, a plant to produce jet propellant, a can-manufacturing plant, and many other new installations have enhanced Sacramento's reputation as an industrial center.

The Southern Pacific shops in Sacramento are the second largest in the world. Also, the Western Pacific has its main shops here.

The principal industry is that of canning fresh fruits and vegetables, Sacramento's four canneries being among the largest in California, and one of them the largest institution of its kind in the world. The four canneries in Sacramento produce annually 11.64 per cent of the total output of the canneries of the state. The largest freezing plant for the "Frozen-Food Industry" in California is located at Sacramento. Fresh fruits, vegetables, poultry, etc., are frozen here. The plant of the American Can Co. is the largest and most modern of the can factories operated by that national concern, emphasizing Sacramento's position as the canning center of the state.

Sacramento has the largest almond shelling plant in the world, and more than 50 per cent of the state's total almond output is handled here.

Flour and feed mills; slaughtering and meat-packing houses; rice mills; bean cleaners; clay, pipe and pottery works; lumber and box factories, and similar industries convert into manufactured products other raw materials

provided by the vast agricultural, timber and mineral wealth of the region.

Sacramento County is most fortunately situated with regard to transportation. Two great transcontinental railroad systems, the Southern Pacific and the Western Pacific, offer quick transportation to Eastern markets. Two interurban electric lines, the Sacramento Northern Railway and the Central California Traction, supplement the steam roads.

The Sacramento River, ranking among the foremost rivers in the nation in amount of tonnage carried and second in per-ton value of cargo, offers rapid and cheap water transportation to San Francisco Bay and world markets.

Paved County highways supplement the main trunk lines of the great State highway system to every important center in the county, and stage lines radiate in every direction.

Transcontinental and coastwise air mail, express, passenger and freight lines center at Sacramento's Municipal Airport.

Sacramento is the banking center of interior California, served by eight strong banking institutions.

History

Sacramento is associated with three epochal events in California history. The settlement established Aug. 12, 1839, by Capt. John A. Sutter at Sutter's Fort, now Sacramento, was the first settlement of white men in interior California, and marked the beginning of agricultural development that has made California third among the states of the Union in total value of agricultural products.

The discovery of gold on Jan. 24, 1848, by James W. Marshall, one of Sutter's men, at Coloma, sixty miles east of the city, brought about the celebrated Gold Rush of 1849-50, which so quickly populated the region that it was admitted to statehood on Sept. 9, 1850.

The transcontinental railroad started from Sacramento in 1863 and completed in 1869 (the old Central Pacific, now Southern Pacific) was the first to link the East to the West with bands of steel, and from the viewpoint of lasting benefits, overshadows even Marshall's discovery.

Sacramento was incorporated in 1849 and chosen as the Capital of California in 1854.

North Sacramento and North Area

The North Area in the post-war years has expanded and developed beyond all predictions or expectations. New subdivisions which were not even dreamed of ten years ago are now completed, and many more are being laid out, all of which will tend to make this northern section of Sacramento County the center of Sacramento's metropolitan development. Many firms have located here due to the accessibility of roads which lead in all directions. The North Sacramento Freeway, opened in 1947, has been a boon to business on Del Paso Boulevard, tending to make this convenient shopping district the hub of the North Area. Plenty of parking space and no parking meters make North Sacramento and the surrounding shopping districts, such as Arden Park, Ben Ali, Carmichael, Citrus Heights, Del Paso Heights, Gardenland, Hagginwood, Rio Linda and Town & Country, Country Club Centre, pleasant and convenient.

This area abounds with parks. Adjoining beautiful Woodlake District, North Sacramento has Woodlake Park, where the Rotary Youth Building is located. It has a baseball diamond and softball facilities in Redwood Park. Hagginwood Park, Carmichael, Arcade and Arden are developing facilities. Del Paso Park, located in a beautiful setting of oaks, is becoming the Mecca for young and old alike, with picnic and athletic facilities for all groups. The Grant Union High School has completed four athletic fields to be used for baseball and softball.

The Public Works Board, in September, 1949, selected the Swanston site for the location of the new California State Fair. This was the result of concentrated efforts by the Greater North Area Chamber of Commerce and civic groups of the area. Plans are being made for the relocation of the California State Fair on this 1,000-acre site adjoining the North Sacramento Freeway on the north and Arden Way on the east. Fronting on the American River, this site will offer many advantages, and will place the California State Fair among the leaders in the nation, where it rightfully belongs.

New approaches are being planned to the east and west of this North Area to relieve the ever-growing traffic problem. Now under construction the Elvas Bridge crossing, which will tie in at approximately 30th St. in Sacramento. Also under consideration is the Elkhorn Bridge, and plans are under way to bring about a solution to highway problems throughout the county.

The population north of the American River in Sacramento County is estimated to be in excess of 90,000, and it is difficult to venture a guess as to the area's population in the future.

The Greater North Area Chamber of Commerce office is located conveniently in the North Sacramento Civic Center. Serving the North Area outside of the North Sacramento city limits is the Greater Sacramento Chamber of Commerce. Both staff and facilities are available in answering any inquiries regarding this North Area.

Sacramento County Agriculture

The U. S. Census of 1910 gave Sacramento County 1,601 individual farms. In 1940 the number had increased to 3,456. This was an increase of 116 per cent for the 30-year period, 1910-1940. Interest in small family-sized farms continues, and the number of farms in operation now will show substantial increase over 1940.

Sacramento County produces, successfully and in large quantities, more than twenty varieties of fruits and nuts, and every American vegetable. Some crop is in harvest every month of the year.

The following table shows the acreage planted to leading fruits, nuts and berries in 1950: Almonds, 2,000; apricots, 100; berries (bush), 125; cherries, 100; figs, 100; wine grapes, 1,400; table grapes, 3,660; olives, 1,800; oranges, 400; pears, 4,000; plums, 261; peaches, 300; pistachio, 42; prunes, 1,800; strawberries, 300; walnuts, 1,250; miscellaneous fruits, 200.

Acreage of leading vegetables in 1950 was: Asparagus, 1,380; cucumbers, 300; peas, 1,000; miscellaneous vegetables, 1,200; tomatoes, 11,900.

Acreage of field crops in 1950 was: Alfalfa, 18,000; barley, 70,000; beans (dry), 5,000; sugar beets, 15,000; field corn, 2,500; hay (grain), 9,000; hops, 3,267; milo, 10,000; oats, 7,500; pasture (irrigated), 25,000; rice, 8,000; wheat, 24,000.

Acreage of seed crops in 1950 was: Vegetable seed, 120; alfalfa, 400; clover, 1,300; barley, 20; beans, 100; milo, 100; oats, 50; rye grass, 10; sudan grass, 250; wheat, 150.

Total estimated gross returns from agriculture in Sacramento County for 1950 was $48,157,159. Of this total, $18,376,724 was realized from field crops; fruit, nuts and berries accounted for $7,090,425; vegetables represented $5,527,510; live stock and dairy realized $11,900,000; and poultry, eggs, turkeys, etc., accounted for $5,262,500.

One of California's best opportunities for successful and profitable orange production is offered in the beautiful foothill "thermal belt" which forms the eastern part of Sacramento County, embracing the districts of Fair Oaks, Orangevale, Citrus Heights, Carmichael, Arcade and Folsom. Oranges have been grown in this section for almost forty years, to prove beyond question the adaptability of its soil and climate.

The region of which Sacramento is the metropolis and trading center—the 21 counties of northern California—east of the Coast Range—produces 35 per cent of California's total agricultural yield, and 75 per cent of its precious and structural mineral products; and has 9,000,000 of the 14,000,000 acres of virgin timber still standing.

Sacramento County, according to County Horticultural Commissioner A. E. Morrison, is the most diversified in its products of any county in California. This remarkable diversification is what makes for stable and year-around prosperity.

Coupled with the rich soil, ample water and intensive farming methods, this diversity places Sacramento County in a place of conspicuous leadership among the high producing counties of California. Within a 100-mile radius of Sacramento are grown 52 per cent of the state's agricultural products.

Sacramento County is the third largest poultry-producing center in California. It offers ideal conditions for dairying and live stock production.

Land prices, available markets and ideal conditions assure success to the man who knows how and will farm right.

The Greater Sacramento Chamber of Commerce

This organization is the active representative of the commercial, industrial, financial and civic interests of Sacramento in promoting its welfare and prosperity. The Chamber is completely departmentalized, with its Industrial, Research and Publicity departments, under experienced managers, set up for the purpose of supplying complete and authentic information on matters relating to Sacramento and northern California. Lewis H. Day is General Manager. The Chamber occupies its own building at 917 7th St. For additional detailed information, call on the Chamber of Commerce for illustrated and statistical booklets.

U. S. POSTAL INFORMATION

First class (maximum weight limit same as fourth class—see page 5)

Letters and written and sealed matter, 3 cents for each ounce, except that drop letters are subject to 2 cents for each ounce when deposited for local delivery at offices not having letter-carrier service, provided they are not collected or delivered by rural or star-route carriers.

Postal cards and post cards, 2 cents each. (There is an additional charge of 10 percent of postage value of postal cards sold in quantities of 50 or more.)

Air mail—Air Parcel Post (limit 70 pounds)

Matter weighing 8 ounces or less, 6 cents an ounce. Matter exceeding 8 ounces is subject to the zone rates on pages 2, 3, and 4. Postal cards and post cards, 4 cents each.

These air rates are applicable to air mail to, from or between points in Alaska, Hawaii, Puerto Rico, Virgin Islands of the United States, Canton Island, Canal Zone, Guam, and any other place where United States mail service is in operation.

All mailable matter, except day-old fowl and other articles subject to damage by low temperatures, and except inflammables other than motion-picture film in I. C. C. metal containers, may be sent via air.

Air mail weighing 8 ounces or less when undeliverable as addressed will be forwarded by air to another post office without payment of additional postage. If returned to sender matter will be sent via surface without payment of additional postage. All air mail exceeding 8 ounces, when forwarded to another post office or returned to sender, is subject to postage anew. Sender should affix pledge to pay such postage and state whether matter is to be transported by air or surface.

Domestic registered, insured, and C. O. D. mail may be sent by air upon payment of the applicable fees for such service in addition to the air postage. All domestic registered mail sent by air must be securely sealed. First-class matter sent C. O. D. by air must also be sealed. Indemnity for insured mail sent at the air zone rates will be payable only for fourth-class matter. All domestic registered, insured, and C. O. D. mail sent at air parcel post rates is accepted with the understanding that the senders guarantee any necessary return or forwarding postage.

All air mail including parcels should be prominently endorsed "Via Air Mail" or "Via Air Parcel Post." Parcels should be so marked on each side and end.

The use of special delivery with air mail is recommended.

Exceptions to Air Zone Rates

The rate of 80 cents for first pound (over 8 ounces to 1 pound) and 80 cents for each additional pound or fraction thereof shall be charged on parcels transported by air as follows:

(*a*) Between United States or its Territories and possessions and overseas Army-Air Force and Navy Post Offices, also naval vessels addressed in care of Fleet Post Offices at New York, N. Y., and San Francisco, Calif.

(*b*) Parcels weighing less than 10 pounds but exceeding 84 inches in length and girth combined are subject to the 10-pound rate.

Second class (no limit of weight)

Newspapers, magazines, and other periodicals containing notice of second-class entry, 1 cent for each 2 ounces or fraction thereof, or the fourth-class rate, whichever is lower. (Note.—Effective April 1, 1952, this rate increases to 2 cents for the first 2 ounces and 1 cent for each additional 2 ounces or fraction thereof.)

Third class (limit 8 ounces)

Circulars and other miscellaneous printed matter, also merchandise, 2 cents for the first 2 ounces and 1 cent for each additional ounce.

Books (including catalogs) of 24 pages or more (at least 22 of which are printed), seeds, cuttings, bulbs, roots, scions, and plants, 2 cents for first 2 ounces and 1½ cents for each additional 2 ounces or fraction thereof.

Identical pieces of third-class matter may be mailed under permit in bulk lots of not less than either 20 pounds or 200 pieces, at the rate of 14 cents a pound, or fraction thereof, in case of circulars, miscellaneous printed matter, and merchandise, and 10 cents a pound, or fraction thereof, in the case of books or catalogs having 24 pages or more, seeds, plants, etc., with a minimum charge of 1 cent a piece in either case. (Minimum charge will be increased to 1½ cents a piece, effective July 1, 1952.) Apply to postmaster for permit. The bulk mailing fee is $10 per calendar year.

Minimum charge for pieces of odd size or form, 3 cents.

Fourth class or Parcel Post (over 8 ounces)

See table of rates, limits of size and weight, and other information on pages 5, 6, 7, and 8.

Merchandise, books, printed matter, and all other mailable matter not in first or second class.

Fourth-class matter must be so wrapped that the contents may be examined easily by postal officials. When not so wrapped, or when it contains writing not authorized by law, the matter is subject to first-class postage.

A letter addressed to correspond with the address on the parcel may be tied to or otherwise securely attached to the parcel so as not to interfere with the address thereon. Stamps to cover postage on the parcel must be affixed to the wrapper and postage for the letter must be affixed to the envelope.

SEALING—Fourth-class matter may be sealed provided it bears a printed label "Merchandise—Fourth-class mail," together with the inscription "Postmaster: This parcel may be opened for postal inspection if necessary."

The local rate applies to parcels mailed (1) at any post office for local delivery at such office; (2) at any city letter carrier office, or at any point within its delivery limits for delivery by carriers from that office; and (3) at any post office from which a rural route starts, for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

The eighth zone rate applies (1) between the United States or its possessions and the Hawaiian Islands; (2) between the United States or its possessions and the Canal Zone; (3) to, from, or between Tutuila and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the United States or its possessions; (4) to, from, or between domestic post offices in the Caroline, Marianas and Marshall Islands.

DOMESTIC Postage Rates AND POSTAL INFORMATION

Exceptions to parcel post rates

(*a*) In the first or second zone, where the distance by the shortest regular practicable mail route is 300 miles or more, the rate is the same as for the third zone.

(*b*) Parcels weighing less than 10 pounds, but exceeding 84 inches in length and girth combined, are subject to 10-pound rate.

(*c*) For special rates on catalogs and other similar printed advertising matter, consult postmaster.

Limits of weight and size:

(*a*) Parcels mailed at a first-class post office for delivery at another first-class post office (in continental United States only):

(1) Limit of Weight.—40 pounds, local, first, and second zones; 20 pounds, third through eighth zones.

(2) Limit of size.—72 inches length and girth combined.

EXCEPTIONS.—Parcels mailed on, or addressed for delivery on a rural or star route, or parcels containing baby fowl, nursery stock, agricultural commodities (not including manufactured products thereof), or books, subject to limits of size and weight prescribed in (*b*) below.

(*b*) Parcels mailed at, or addressed for delivery to, any second-, third- or fourth-class post office, or mailed to or from any Army-Air Force, or Fleet Post Office, or to or from any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands:

(1) Limit of Weight.—70 pounds.

(2) Limit of size.—100 inches length and girth combined.

In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as the length, while the distance around the parcel at its thickest part is taken as its girth.

Special rates for books of 24 pages or more, at least 22 of which are printed (limit 70 pounds)

Books (containing no advertising matter other than incidental announcements of books) all zones: 8 cents for the first pound and 4 cents for each additional pound. Books sent to readers by libraries authorized by the Department to mail at the special library rate and when returned by such readers, for delivery within the first three zones or the State in which mailed: 4 cents for the first pound and 1 cent for each additional pound.

PERMISSIBLE ADDITIONS TO AND ENCLOSURES WITH PARCEL POST—Marks, numbers, names or letters for description purposes may be placed on fourth-class matter. Books may bear a simple manuscript dedication or inscription not in the nature of personal correspondence. A written or printed invoice or descriptive inscriptions indicating price, style, stock number, size, date of order, etc., may be enclosed. Inscriptions such as "Merry Christmas," or the like may be written on the parcel or a card enclosed therein.

Special Services

Special-delivery fees (all classes of mail including air mail)

	First class (cents)	Second, third, or fourth class (cents)
Up to 2 pounds	20	35
Over 2 pounds up to 10 pounds	35	45
Over 10 pounds	50	60

The prepayment of the foregoing fee on second-, third-, or fourth-class mail entitles it to the most expeditious handling and transportation practicable, and also entitles it to special delivery at the office of address. Particularly recommended for perishable matter and other parcels, especially air parcels, likely to reach offices of address too late for regular delivery.

Special handling—Fourth-class matter only

Parcels of fourth-class matter endorsed "Special Handling" will be given the most expeditious handling, transportation, and delivery practicable (but not special delivery) upon payment, in addition to the regular postage, of the following charge:

	Cents
Up to 2 pounds	15
Over 2 pounds up to 10 pounds	20
Over 10 pounds	25

The special handling charge applies to all parcels containing day-old fowl, package bees carried outside mail bags, or baby alligators, and to any other parcels which it is desired to have so treated.

Registered, Insured, and C. O. D. Mail

REGISTRATION.—Applicable to first-, second-, and third-class matter, and sealed fourth-class matter on which postage at the first-class rate has been paid. The mailer is required at the time of mailing to declare the full value of mail presented for registration, or the known or estimated cost of duplicating nonnegotiable securities.

INSURANCE.—Applicable to third- and fourth-class matter. Matter for sale addressed to prospective purchasers who have not ordered it or authorized its sending will not be insured.

C. O. D. (UNREGISTERED).—Applicable to third- and fourth-class matter and sealed domestic mail matter of any class bearing postage at the first-class rate. Parcels sent C. O. D. shall in all cases be based upon bona fide orders, or be in conformity with agreements between senders and addressees.

REGISTERED C. O. D.—For details consult postmaster.

A demurrage charge of 5 cents a day is collected on each C. O. D. article which the addressee fails to accept within 15 days after the first attempt to deliver or the first notice of arrival at the office of address is given.

A fee of 5 cents is charged for notifying sender of nondelivery of C. O. D. mail. Consult postmaster.

Return receipts for registered or *numbered* insured mail.—Fee, if requested at time of mailing, 7 cents; after mailing, 15 cents; at time of mailing showing to whom, when, and the address where the article was delivered, 31 cents. (Return receipts will not be obtained for parcels insured at the minimum fee of 5 cents.)

An additional charge of 20 cents is made when registered, insured, or C. O. D. mail is restricted in delivery to addressee only, or to the addressee or order.

All domestic insured and C. O. D. parcels (surface and air), as well as registered air parcel post articles, are accepted with the understanding that the senders guarantee any necessary return or forwarding postage.

Indemnity is paid for the actual value of lost, rifled or irreparably damaged articles within the limit covered by the fee paid, or for the cost of repairing partially damaged articles provided they were packed and endorsed in accordance with postal requirements.

Fees effective January 1, 1952

Indemnity	†Registration Fee	Insurance Fee	Unregistered C. O. D. Fee
*No value	.30		
Indemnity to $5	.40	.05	.30
$5.01 to 10	.55	.10	.40
10.01 to 15	.55	.15	.60
15.01 to 20	.55	.15	.60
20.01 to 25	.55	.15	.60
25.01 to 30	.65	.20	.70
30.01 to 35	.65	.20	.70
35.01 to 40	.65	.20	.70
40.01 to 45	.65	.20	.70
45.01 to 50	.65	.20	.70
50.01 to 75	.75	.30	.80
75.01 to 100	.85	.30	.80
100.01 to 150	.95	.35	.90
150.01 to 200‡	.95	.35	1.00
200.01 to 300	1.05		
300.01 to 400	1.15		
400.01 to 500	1.25		
500.01 to 600	1.35		
600.01 to 700	1.45		
700.01 to 800	1.55		
800.01 to 900	1.65		
900.01 to 1,000	1.75		

*The minimum registration fee does not provide for indemnification in the event of loss, rifling, or damage, and is applicable only to matter having no intrinsic value, such as correspondence, notices and the like.

†On registered articles where the declared value is in excess of $25, a fee of not less than 55 cents shall be paid.

‡Limit of C. O. D. collections.

Domestic registered mail is subject to surcharges in addition to regular registry fees as follows: When declared value exceeds maximum indemnity covered by registry fee paid by not more than $50, 2 cents; over $50, not over $100, 3 cents; over $100, not over $200, 4 cents; over $200, not over $400, 6 cents; over $400, not over $600, 7 cents; over $600, not over $800, 8 cents; over $800, but less than $1,000, 10 cents. If excess of declared value over maximum indemnity covered by registry fee paid is $1,000 or more, additional fees (surcharges) for each $1,000 or part of $1,000 are: For local delivery or delivery in first zone, 12 cents; second zone, 14 cents; third zone, 16 cents; fourth zone, 17 cents; fifth or sixth zone, 18 cents; seventh or eighth zone, 19 cents. In the case of nonnegotiable securities, surcharge is based on the known or estimated cost of duplication.

Money orders (limit $100 each)

Fees for orders from—

	Cents		Cents
$0.01 to $5	10	$10.01 to $50	25
$5.01 to $10	15	$50.01 to $100	35

Preparation, Wrapping, and Packing of Mail Matter

Parcels, including those marked "Fragile," must be securely packed and wrapped or packed in a strong container to withstand handling inside of mail sacks on which several other sacks may be piled and to bear transmission without breaking or injuring the mail bags, their contents, or the persons handling them. Many articles are damaged in the mails because the mailer did not visualize the conditions to which they would be subjected in ordinary course of handling and did not use adequate packing.

Parcels improperly or insufficiently wrapped or packed, or not properly endorsed or marked as to contents when required, are not acceptable for mailing.

Fiberboard boxes

The use of good solid or double-faced corrugated fiberboard boxes properly fastened or sealed is recommended. A box of poor quality or improperly packed or fastened often results in damage or loss to contents with subsequent loss to all concerned. A good average-size box has the certificate of boxmaker stamped on the side giving the bursting test per square inch. A box testing 200 pounds per square inch is usually adequate for an average-sized parcel. (The size limit and gross weight limit also shown in the certificate do not apply to parcel-post mail.) These boxes must be firmly packed or they will crush under pressure, but if overpacked they may also burst under pressure. In either case, gummed paper tape will not hold the contents together as would strong twine. Wire without exposed ends or approved banding material, may be used in lieu of twine.

Fragile articles

All parcels containing articles easily broken are required to be marked "Fragile." Among such articles are musical instruments, toys, millinery, etc., and articles consisting wholly or in part of glass or contained in glass, which must be securely packed in strong boxes of wood, metal, or fiberboard and surrounded with ample cushioning material such as excelsior, shredded paper, creped cellulose wadding or padding or the like, or other equivalent cushioning, to prevent appreciable movement and to prevent breakage from contact with the inner wall of the outside box or with other articles in the same container.

Liquids

Handling of liquids presents a serious problem in the postal service and proper packing thereof is outlined in detail in the Postal Guide, a copy of which may be examined in any post office. However, in general, if the liquid content is not over 24 fluid ounces, absorbent material such as creped cellulose or wood fiber felt wadding, pulverized paper, absorbent cotton, sawdust, bran, or the like (but not excelsior) should be used to take up the liquid in case of breakage as well as to act as a cushioning agent, and the mailing carton should be tightly closed.

Perishable articles

Articles such as butter, lard, fish, fresh meats, certain fruits, berries or vegetables, etc., which decay quickly should be well packed to prevent leakage; endorsed "Perishable," and be mailed only to points they may reasonably be expected to reach without spoiling.

Unmailable matter

All matter which is outwardly or of its own force dangerous or injurious to life, health, or property, is nonmailable regardless of manner of packing. The law (62 Stat. 781; 18 U. S. C. 1716) provides a severe penalty for mailing prohibited matter, or mailing certain harmful matter which is not packed in accordance with postal requirements.

Consult your postmaster when in doubt as to the mailability of any matter and also in regard to proper packing to avoid loss and damage. Inquiries may also be addressed to the Assistant Postmaster General, Bureau of Transportation, Washington 25, D. C.

Zones—Postal Guide and Keys

For parcel-post purposes the United States is divided into units of area 30 minutes square, which form the basis of eight postal zones. The unit numbers are shown in the State list of post offices in the Official Postal Guide, Part I, which, cloth bound, may be purchased from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., for $2.00, delivered to any address. Zone keys making maps unnecessary are furnished free to purchasers of the Guide. To ascertain in which zone a post office is located from the office of mailing, first find the unit number of the office of address and then refer to the parcel-post zone key for the mailing office.

Proprietary articles of merchandise

Harmless medicinal preparations, soaps, tobacco; food products, etc., put up in fixed quantities, in original sealed packages, by the manufacturer or dealer so as to allow examination of the packages in their simplest mercantile form and labeled in printing so as to show the nature of contents, quantity, and name of the manufacturer or dealer, are mailable at the fourth-class rates of postage. If such sealed packages are enclosed in an outer wrapper, the latter must not be sealed unless it is also labeled in printing in the manner indicated on page 4.

Proper manner of addressing mail

Write the names and addresses clearly and distinctly. Care in this respect will prevent delay and misdelivery. Follow the arrangement shown below in order to promote rapid and accurate dispatch. Do not abbreviate State names when confusion is likely to result.

The name and address of the sender are required on all parcel-post matter, on all registered, insured, and C. O. D. mail, on all matter enclosed in window envelopes, on matter bearing pledge guaranteeing payment of return or forwarding postage, and should appear on all other mail, in the upper left corner of the address side.

The words "Return Postage Guaranteed" should be omitted from first-class matter, and from other matter the return of which when undeliverable is not desired.

Insured and C. O. D. parcels are accepted with the understanding that the senders guarantee return and forwarding postage and should bear a pledge guaranteeing such postage; they should also bear a request specifying the maximum time they are to be held at the post office of address, preferably not exceeding 15 days or even a shorter period.

If it is desired also to guarantee forwarding postage for other than insured or C. O. D. mail, the statement "Return and Forwarding Postage Guaranteed," should be used.

Proofs or copies of address labels should be submitted to the postmaster to assure correct preparation.

It is very important that the postal delivery unit number be shown in the address and return card wherever applicable.

Out of Sight - Out of Mind - Out of Busine
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business
The importance of keeping firm and product names in the public eye is recognised by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm, or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

13th and EYE STS.

Out of Sight - Out of Mind - Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm, or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages
